To Whom It May Concern:

We have been receiving our catered meals from the Country House Restaurant for over a year. We have very strict rules for our food program that includes quantity, type of food allowed and temperature.

Not only has the Country House batted 1000 for these rules, but they also have batted over 1000 for the consistent quality that we have received. The food is consistently delicious, appetizingly served, the proper temperature and the delivery is always on time.

We unhesitatingly recommend the Country House Restaurant for your catering needs. In fact, stop by and try out one of their lunches at one of our locations, either in Crestwood or in Glenwood. We would love to see you.
